Product Information

OVERVIEW

The Geneeo retractable cable is designed to save space and for those who want to hide the cable for aesthetic reasons. Moreover, the length can be adjusted as required for up to 1 meter. The 2 in 1 Micro USB/Type-C is very practical for those who have to charge the new generation of Android devices but still want to be able to load most of their electronic devices with a Micro USB input.

It can handle USB 2.0 speed
Retractable system adjustable up to 1 meter.
